

Week 10, dear people, this is going too fast!

You can put the blanket aside this week. We will be crocheting the last set of 12 squares this week.

Before I start with the pattern I will first explain how the popcorn stitch works. You can also see this in the little video on my website or by following [this link](#).

I also made a chart of the pattern for you. Maybe this will come in handy. You can find it on the last page of the pattern.

The popcorn stitch is nothing more than 4 trebles crocheted together in 1 stitch.

You do a yarn over (yo), put the hook in the stitch where the popcorn stitch should come and pull up a thread. You do another yarn over and pull the thread through the first 2 loops on your hook. You now have 2 loops on your hook. Repeat this 3 more times. After every time you will add a loop on your hook. When you have done this 4 times you should have 5 loops on your hook. Now you do a final yarn over and pull it through all the loops at once.

Make a starting chain of 20 chains with colour 2017/2019/2010.

Row 1

Make 1 dc in the 2nd chain from your hook and in all the next 18 chains. You now have 19 dc's.

Row 2 + 3

Ch 1 (does not count as a stitch). Make 1 dc in the first stitch and in all stitches after.

Starting from here I will make a picture after each row of dc, so you can see the result of the popcorn stitch.

Row 4

There you go, your square is ready! Isn't it fun? And it fits with the theme of the blanket and with this time of the year.

I just blocked these squares on a mat with T-pins.

This was week 10 of this Cal, time does fly!!
Something to change the pace of the blanket and your squares are now complete.

Enjoy your hobby, enjoy the crochet. Until next week!
